Ms. Hough.

The Bill Foster for Congress Committee is in receipt of your March 18 letter regarding the 12 day pre-primary report.
Thank you for bringing these matters to our attention.

As discussed on the phone, we do not see any error in the database regarding the designation of the loans in question.
However, we are filing an amendment to FEC-324702.

After running calculations and examining the raw data to be transmitted, the mysterious ""R"" 2008 does not appear on
the 1/26 or 1/29 loans.

The software company, NGP, suggested that there may be some technical difficulties with the FEC viewer upgrades.

Thank you for your correspondence on these matters and feel free to contact us with any further concerns.
